The Greens Report

April is the unofficial start of the golf season. The Master's tournament starts the golf season for most people. With the early spring that hit in March, April will be a great month for golf. If the weather holds on through to May, we should have a good transition.

The greens made it through the winter in pretty good shape. With the warmer temperatures in March, the champion Bermuda greened up and waited for consistent temperatures before actually growing. We did not fertilize to push growth until we were certain that the cold temperatures were gone. By pushing them to grow too soon we can harm the greens going into the early spring.

We will start the season mowing the rough at $\frac{3}{4}$ " and will continue to mow at this height

for as long as we can. By starting this low we should be able to keep the rough height under 1.5 inches this year. As thick as our rough gets in certain places, keeping it below 1.5 inches will help with some of the issues we have had in recent years.

I want to introduce Rounds 4 Research. Rounds 4 Research is an innovative program designed to generate resources to fund research and help ensure the future of golf. You can bid in an auction to purchase rounds of golf at facilities all over the country. The auction is set for April 27- May 3. The link to the auction is below. I will also send the link in the E-Blast the week before the auction.

Alex Tolbert
Greens Superintendent

SATURDAY BLITZ TIME CHANGE

Beginning Saturday, April 4, the Saturday blitz will move to 8:30 A.M. due to the arrival of warmer weather.

JUNIOR CAMPS

Registration is already underway for our Junior Sports Camps. These popular events are sure to fill up fast with space limited to the first 8 children ages 7-13 to register. Camps are June 23-26 and July 14-17 from 9:00-2:00 each day. \$255 members / \$275 non-members and includes all meals and snacks. Call the Golf Shop to register.

If you are in the market for a new driver or set of irons, listed below are your opportunities to try out the full product lines from some of our preferred vendors. Please recognize the time commitment these companies are putting forth by calling or visiting the Golf Shop to reserve your fitting appointment. We would like to have at least 4 appointments booked for each vendor to make their experience the best possible here at OCC.

Happy Easter

Hop on over to our
Curbside Easter Brunch Pick Up

Sunday, April 12th | 11:00 A.M. - 2:00 P.M.
Please call (803) 534-5988 to reserve an order.

Orangeburg Country Club Members:

Due to the ongoing developments with Coronavirus COVID-19 we are announcing some precautionary measures today to protect our members, employees, & community. First, all group events scheduled through April, including our Easter Buffet, have been cancelled and will be rescheduled if possible.

Following the guidance of our government The Blackwater Grille will not be providing dine-in eating indefinitely. We will continue to offer curbside pick-up, as well as delivery for anyone within a ten mile radius. Please note for the time being we will count to-go orders towards your monthly member food minimums. Lunch will be available for pick up Tuesday through Sunday 11:30 – 2:00 pm and dinner pick up or delivery will be available Tuesday through Saturday 5:00 – 7:30 pm. Golf course will be open for normal business hours.

Our club has procedures addressing a variety of health and safety issues, but I thought I'd let you know that we recently updated our flu prevention and pandemic guidelines in direct response to the emergence of the Coronavirus (COVID-19). These guidelines are based on guidance from the U.S. Centers for Disease Control and Prevention and the World Health Organization.

These include common sense hygiene practices that are good to follow whether or not it is cold and flu season. Things like frequent and thorough hand washing, good coughing and sneezing etiquette, and avoiding contact with others when you're sick. Our staff are being encouraged to stay home and take care of themselves before they come to work and take care of our members. That's the best way we can help minimize the spread of the illness.

We have increased the frequency of our cleaning of hard surfaces beyond our normal routines, particularly points of common contact like doorknobs, railings, light switches, as well as golf carts.

We encourage our members to also be safe and take precautions for your health by following the recommendations of your own doctors and government health authorities, and taking the necessary steps to protect yourself and your family during this flu season. Like our staff, we encourage you to stay home and take care of yourself and your family if you have been experiencing flu-like symptoms.

Taking care of our members and their guests is the cornerstone of our Club's culture. And this season, we'll need everyone's help to do that.

Thank you for your help in ensuring the health of our team and fellow members here at OCC.

Steven Kriekard
CEC, WCEC, CDM, CFPP
Food and Beverage Manager
