The Greens Report

It's February, and hopefully our winter will be mild. But no matter what weather the month brings, it's time to finish winter projects and prepare for the spring growing season.

Cleaning up after January storms kept my crew busy. Lots of moisture and unseasonably warm weather posed a disease risk on the greens, and the following cold snap put stress on the Bermuda. In the winter, grass on the greens does not grow fast enough to protect itself, so we take steps to strengthen it.

We will apply the first of two fertilizer/pre-emergent applications during February before the soil temperatures reach levels that cause weed seeds to germinate. The two targeted weeds, goosegrass and crabgrass, germinate at 60 °F and 50 °F, respectively. Blooming Forsythia (pictured below) indicates the soil temperature is ready for pre-emergent on the golf course and your lawn.

If you ever have any questions or concerns about the golf course or grass in general, please ask. See you on the course! The OCC Greens Staff and I wish everyone a safe and happy holiday season! If you have any questions about the golf course or your lawn, give us a call.

See you on the course!

Alex Tolbert
Greens Superintendent

POINT QUOTA EVENT

Saturday, March 12 the MGA will hold an Individual Point Quota event. Similar to scoring the Blitz, golfers earn points on every hole based on their score, but the goal is to reach one's point quota.

- Your quota is 36 minus your course handicap from the tees you play.
- Points are earned as follows:
bogey = 1; par = 2; birdie = 4; eagle = 8
- Entry fee is \$20 per player, plus carts.
- **Deadline is Wednesday, March 9**

NEW PROTEIN ENERGY BARS!

NEED A BODY RECHARGE

Fuel your round with a nutritious snack. Bars are available at the 1st and 10th tees and are \$4.00 each.

Choose from four delicious flavors:
